THE BEST NEW PLANTS

We endeavor to select and test the best new plant introductions each year. Here are the most outstanding of the new ones—the finest introductions in a number of years. Most of these can be secured only from Good & Reese.

New IVY, SYLVANIAN BEAUTY

If ever an Ivy is produced that is more beautiful than Sylvanian Beauty it will be worth its weight in gold. No words can describe the beauty of this plant. Sylvanian Beauty branches profusely thus forming a dense mat of foliage. The older leaves are large and dark green—the younger leaves are lighter in color, forming a very pleasing contrast and appearance. Sylvanian Beatuy is the first Ivy ever to be granted a patent by the U. S. Patent Office—a fact which speaks eloquently of the value of this beautiful plant. We are proud to be first to offer this wonderful new hardy Ivy. 35c each; 3 for 90c. Larger plants, 50c each; 3 for \$1.25.

SPECIAL OFFER

Everblooming Hardy ~

HYRBID TEA ROSES

For general planting this class excels all others. One-year-old plants, such as we send by mail, bloom the first and each succeeding year from early spring until severe frost. Two-year-old plants, of course, yield a greater profusion of flowers, owing to their size. Three-year-old plants are the largest and finest it is possible to grow and are guaranteed to produce the maximum number of flowers. The flowers are noted for their exquisite coloring and delightful fragrance. In the northern states the plants should be protected in the winter months. Plant liberally of these Roses—the profusion of flowers will more than compensate for the trifling outlay. Everyone can succeed with them.

CRIMSON QUEEN. A grand Rose for the garden that is always in flower. Color a rich velvety crimson. Very hardy and

rigorous.

E. G. HILL. One of the finest new introductions of America's most famous Rose producer, who gave it his own name. He considered it his best red. Vigorous in growth, with large flowers of dazzling scarlet,

GRUSS AN TEPLITZ. Another old favorite that for bedding has never been equalled. It makes a large, bushy plant which is covered all season with the brilliant scarlet flowers, intensely fragrant.

K. A. VICTORIA. Absolutely perfect, fragrant flowers of ivorywhite. An old favorite that even today has not been surpassed.

LA CHAMPAGNE. Easily one of the finest Roses. Long-pointed buds on long stems open into perfect flowers of apricot-yellow. Grows vigorously and blooms freely.

MADAM BUTTERFLY. Here is one of the most beautiful of all Roses. Long-pointed buds of bright pink open to immense flowers of rose-pink suffused with apricot and gold.

MRS. CHARLES BELL. This exquisite, fragrant shell-pink Rose should be in every garden. Free-blooming, hardy, vigorous. A sport of Red Radiance.

Special THE GREEN ROSE

The most interesting and remarkable Rose. Much sought for because of its oddity. Flowers are of medium size with small pointed petals set very thickly, which are the same color as the foliage—dark pea green. We believe we have the only stock of it now known. Much has been printed in the newspapers from coast to coast wherever it has been seen, because it is surely a curiosity. It blooms constantly and is never without flowers. Stock limited. One-year size, 35c each; 3 for 90c. Two-year size, 75c each; 3 for \$2.00. 3 for \$2.00.

THE GOLDEN ROSE OF CHINA Rosa Hugonis

A splendid Rose for the shrubbery border with bright golden yellow flowers produced on long arching sprays in early May. After flowering it remains an attractive bush for the balance of the season. Extremely hardy. No plant is more beautiful when in flower. It is literally a mass of golden yellow. Two-year size, 60c each; 3 for \$1.65.

HARDY POLYANTHA OR BABY ROSES The Roses for Everybody

Always in Bloom, from June to Freezing-Especially Fine for Border, Flowering Hedge or Solid Beds. Very Hardy, Easy to Grow

These roses are very hardy, growing everywhere and requiring little care. They are especially fine for solid beds and for borders. Plant a border of them around your regular rose bed. Also they are ideal for cemetery planting because they are so easy to grow and bloom so freely. In fact they are CONSTANTLY IN BLOOM from early summer until freezing weather in the fall.

They are the easiest of all roses to grow. So if you think you cannot grow roses, plant some of these. They will all bloom this summer so freely, go right through the cold winter, and keep it up year after year.

You will notice that we are making very low prices on these roses. That is because we want everybody to plant them. We assure you that you will be more than delighted.

4 Sensational New Climbing Roses

The Greatest Advance in Horticulture in Years

In no other group of plants has occurred such vast improvement in recent years as in these new hardy climbing roses. You will be amazed at the brilliance of the new colors and delighted with the sturdy, vigorous growth of the plants. You will want these new roses—train them over an arch or pergola—cover a fence or the side of your garage—brighten your porch or grow to a tall post into a handsome pillar.

GOLDEN CLIMBER. Plant Patent No. 28. The most interesting and unusual feature of this beautiful, new golden yellow Rose is that its extreme hardiness is combined with blooms of Hybrid Tea type and quality, long lasting and most always solitary on stems often 18 inches or longer. Golden Climber does not make a short flash like most climbers, its usefulness and beauty are long lasting. Golden Climber won the Gold Medal awarded by the Massachusetts Horticultural Society given only for exceptional and outstanding flowers. Two-year field-grown plants, \$1.00 each, postpaid.

FLASH. (Patent applied for.) A new, striking hardy climber that is probably the brightest colored of all roses—a luminous orange-searlet with the back of the petals gold suffused scarlet. It starts blooming in early June and continues for several weeks, often repeating with a few more blooms in summer and fall. An established plant in full bloom is a sight you will never forget. It is a Gold Medal winner and also won first award for climbing roses, 1940 "All-America Rose Selections." It is an ideal pillar rose. \$1.00 each, postpaid.

NEW DAWN. (Plant Patent No. 1.) This new rose is a sport from Dr. W. Van Fleet which is universally acknowledged one of the best climbing roses. Identical in every way with its parent in size and formation of its long-pointed flesh-pink buds and double flowers, but blooms continuously throughout the summer and autumn. Strong, 2-yr. plants, \$1.50 each, postpaid.

BLAZE (The Everblooming Scarlet Climber). (Plant Patent No. 10.) Blaze is undoubtedly one of the finest roses

your favorite everblooming rose. Be the first to enjoy this remarkable rose. Two-year, field-grown plants, \$1.00 each,

AMERICAN BEAUTY

PAUL'S SCARLET CLIMBER

HARDY EVERYWHERE

ALIDA LOVETT. Both buds and flowers are large; of ideal form, are held on stiff stems so foot and a half to two feet long and the color is a lively bright shell-pink with shadings of rich sulphur at the base of the petals. The flowers are of remarkable substance and long-lived, whether cut or left to remain upon the plant, and are pleasantly perfumed.

CLIMBING AMERICAN BEAUTY. Same color, size and fragrance as American Beauty, with the addition of the climbing habit. Good foliage and better blooming qualities. Blooms 3 to 4 inches across; has proved perfectly hardy and stands heat and drought as well as any rose in our collection.

DOROTHY PERKINS. A most beautiful deep pink; the flowers are borne in large clusters of small double blooms and are very sweetly scented.

blooms and are very sweetly scented.

DR. HUEY. Bud medium size; flowers medium size (about 2 inches in diameter), semi-double; borne in clusters of 3 and 4 on good stems. Color, dark crimson-maroon, of great brilliancy; stamens and anthers light yellow. Blooms continuously for three weeks.

DR. W. VAN FLEET. Flowers, when open, run four inches and over in diameter. The center is built high, petals beautifully undulated and cupped. The color is a delicate shade of flesh-pink on the outer surface, deepening to rosy flesh in the center.

GARDENIA. Bright yellow, cream color when open; very fragrant; early flowering. This is the hardy Marechal Niel.

HIAWATHA. Its flowers are about one and one-half inches across, and produced in long, pendulous sprays, with frequently from forty to fifty flowers on a spray. In color, it is brilliant ruby-carmine, with a clear white eye and a mass of golden stamens.

clear white eye and a mass of golden stamens.

JACOTTE. Bud large, orange and yellow; flowers large, semi-double, open, cupped, very lasting; deep coppery yellow, tinted coppery red; borne several together on long, strong stems; fragrant.

MARIE GOUCHAULT. Growth very vigorous, large elongated clusters of 30 to 40 double flowers, as large as those of Dorothy Perkins, fine light red, passing to bright salmon-pink, produces a great effect, Very early variety.

MARY LOVETT. Another Wichuraiana Hybrid, a cross between a seedling Wichuraiana and Kaiserin Augusta Victoria, and termed a "White Dr. Van Fleet." Very fine.

Augusta Victoria, and termed a "White Dr. Van Fleet." Very fine.

MARY WALLACE. This is Dr. Van Fleet's masterpiece; blooms two or three times during the summer months. A pillar rose supporting itself on a bushy growth 6 to 8 feet high. Bright clear rose-pink with salmon at the base of the petals.

MADAME GREGOIRE STAECHELIN (The Spanish Beauty). Today's Wonder Rose. Delicious fragrance—quite rare in hardy climbers. A choice cut flower with tight, long-pointed buds. The color is charming—maroon in bud, carmine to pearly pink as the perfumed petals unfold. This variety has received numerous gold medals. You surely will want this outstanding new rose.

PAUL'S SCARLET CLIMBER. Vivid scarlet, shaded crimson, makes a brilliant display for a long period of time in the garden. A wonderful climber.

RED DOROTHY PERKINS (Excelsa). Crimson-scarlet pillar rose. Quite hardy in addition to all of its other fine points. The flowers are very double, produced in large trusses. Color intense crimson-maroon, tips of petals tinged scarlet.

SHOWER OF GOLD. The color is a deep golden yellow, with orange shadings in the center. This fills the "long felt want" for a "Yellow Rambler."

SILVER MOON. Flowers very large, four and one-half inches and over in diameter. Pure white in color; petals of great substance, beautifully cupped, forming a clematis-like flower. The large bunch of yellow stamens in the center adds attractiveness.

VEILCHENBLAU (The Blue Rose). Large Hydrangea-shaped panicles of tight florets—a prevailing steel-blue in color.

The Best New Hardy CHRYSANTHEMUMS

CUSHION CHRYSANTHEMUM - 1500 Flowers per Plant

4 New Cushion 'MUMS

In recent years no plants have created more interest than the Cushion Chrysanthemums. The plants are dwarf and spreading in growth, very hardy, and produce more flowers than any other chrysanthemum. When well established, single plants have been known to have 1500 flowers open at one time. The plants commence to flower in August and continue to be a mass of blazing glory until late frosts. We are fortunate in being able to offer new colors in the Cushion Mums this year—and by all means, do not overlook the new golden yellow Cushion variety, Harvest Gold.

PINK CUSHION. This 'Mum has been more highly praised than any plant we have offered for a great number of years. Grows to washtub size the first year with loads and loads of gorgeous flowers. Hundreds of beautiful salmon-pink blossoms may be used as cut flowers without making an impression on the plant. 30c each, 3 for 75c, 6 for \$1.25.

Special Offer One each of the 4 Cushion Mums for \$1.00, postpaid.

Very Special One each of Early Wonder (see opposite page), and the 'Mums (5 plants in all) for \$1.65, postpaid.

Large Flowering **CHRYSANTHEMUMS**

Chrysanthemums deserve a place in every garden, coming as they do after the summer flowers have begun to wane, and continuing to bloom profusely in most places until well into November. The cultivation of these 'Mums is simple. Plant them in a rich, well-drained piece of ground, setting out the plants a foot apart and pinching them once or twice during the months of May or June. They will branch out and make beautiful bushes and give the cultivator more return for the labor expended than any plant in the garden. There is a place for 'Mums in every garden in America.

MAINE SUNSHINE CARNATION

MAINE SUNSHINE CARNATION
For beauty of flower and color, ease of culture, certainty and freedom of bloom, together with exquisite fragrance, this is well called the "Divine Flower." Plants in the open ground, or in pots, quickly make large specimens, and when brought indoors in the fall produce an abundance of flowers throughout the entire winter. Carnation blooms are expensive; don't buy them—grow them yourself. Pinch the plant back frequently during the summer season. In the fall bring indoors, place in a four or five-inch pot, keep temperature of forty or fifty degrees at night, and they yield an immense number of flowers with splendid stems, as fine as those sold by florists. If not pinched they will bloom profusely during the summer. Your order is incomplete without some carnations.

Great New Dianthus "Blazing Star"

One of the finest new plants ever introduced for the rockery or perennial border. Hundreds of flaming star-shaped flowers borne on a dwarf bunchy plant resembling a pincushion. Bluish green foliage makes striking contrast to color of flowers. Perfectly hardy and blooms year after year with no attention.

HARDY DELPHINIUMS

FAMOUS NEW ENGLISH HYBRIDS

Here offered are the newest, the best and the finest to be secured anywhere. The range of colors varies from the palest shade of blue to the deepest indigo-blue and royal purple with many intermediary pastel tones of mauve, pink and lavender blendings. Among these new hybrids are flowers of huge size in both single and double forms. This strain has been raised from seed saved from the finest named kinds in creation. Visitors at our nursery proclaim them the best they have ever seen. Those who wish to perfect their already much prized borders cannot afford to overlook these wonderful hybrids. 25c each; 3 for 65c; 6 for \$1.15; 12 for \$1.98.

wreak a for 56; 6 for \$1.15; 12 for \$1.98.

wreak a Strain (Hollyhock). A new race with spirelike spikes. The chief distinguishing features of the "Hollyhock" Delphiniums are: the extraordinary long, tapering, spirelike spikes; the indescribably rich and varied tints; the very remarkable extension of the flowering period—many varieties bloom well into August—their resemblance to Hollyhocks. 25c each; 3 for 65c; 6 for \$1.15; 12 for \$1.98.

BELLADONNA. Here is the light sky-blue Delphinium that blooms all summer long and is so fine for cutting. 20c each; 3 for 50c; 6 for 88c.

THE BEST IN HARDY PLANTS

The Sensational Russell Lupins

This new strain of perennial Lupins has caused a sensation in horticultural circles. The long, closely furnished spikes come in a great variety of rich colors—deep yellows, oranges, reds, and brilliant bicolors never seen in Lupins before. The florets are large, with flat, fanlike standards, and, unlike all other Lupins, most of the spikes retain their florets throughout the whole period of development. Fine for cutting. Blooms in May and June. Special prices, 50c each; 3 for \$1.25; 12 for \$4.25.

Tritoma, Towers of Gold New Golden Poker Plant

Towers of Gold is unquestionably the finest and most worth-while Tritoma introduced since Pfitzeri. Its bold, compact, rich yellow flowers are profusely produced. It is at its best in August and early September when good flowers are hard to get. Towers of Gold is particularly fine for cutting, and most impressive in the border. It is a really fine plant and should be in every garden where its stateliness and golden yellow color will make it one of the most outstanding subjects. 40c each; 3 for \$1.00; 6 for \$1.75.

Red Hot Poker (Tritoma Pfitzeri)

One of the flashiest and most showy of all the garden plants. Large elongated cones of brilliant orange-red flowers borne on strong canes 2 to 3 feet high. Will do well on any soil and will bloom abundantly year after year. Get a few of these and enjoy their brilliant coloring. 25c each; 3 for 65c; 6 for \$1.00.

The Sun Rose (Helianthemum)

Charming low growing hardy plant with beautiful flowers. Blooms are pink, yellow, white and orange, in mixed colors. Flowers July to September. Grows 12 inches high. One of the really fine rock garden plants. 25c each; 3 for 65c.

Lily-of-the-Valley

A favorite of all gardeners as it grows well in any location. Plant them along buildings, along the walks, in shady spots where nothing else grows. They are hardy and require no care or attention. Come up and bloom year after year. 3 for 25c; 6 for 40c; 12 for 70c.

New Oriental Poppies

LULA A. NEELEY. This variety is our favorite. Good, strong stems support flowers of brilliant oxblood-red, the color holding until the last. 50c each; 3 for \$1.35.

MRS. PERRY. A bright clear pink color combined with vigorous growth makes Mrs. Perry one of the most beautiful varieties. 35c each; 3 for 90c.

Bristol Fairy

The New Double Baby's Breath
The finest of all cut flower perennials. Flowers
double, snow white and two to three times the
size of the older type. Fine sprays of flowers
from June until frost. May be dried and used as
a winter bouquet. 40c each; 3 for \$1.00.

Bleeding Heart

Heart-shaped flowers with pendants like little drops of blood. Should be in every garden. Grows about 24 inches high. This has always been one of America's favorite plants. 32c each; 3 for 85c.

Hardy Primrose

The flower that everyone loves. Various rich shades grown from special English seed. Very hardy and easy to grow. 25c each; 3 for 65c; 6 for 98c.

The Popular Snowball

A well-known shrub of large size with globular clusters of pure white flowers. The Snowball of our mother's gardens. Blooms in May. 35c each; 3 for 95c.

The New Hydrangea Arborescens Grandiflora Alba

(Hills of Snow)

The most valuable hardy shrub ever introduced. This, the great new shrub that has come to gladden our yards and gardens. We place it first and foremost of all shrubs. It makes a perfectly round, symmetrical bush that is covered from June to August with handsome large, pure white flowers. 25c each; 3 for 65c. Large size, 38c each;

Hydrangea Paniculata Grandiflora (Pee Gee)

A great favorite, and there is nothing finer or more showy whether for planting in large masses in parks or for single plants on the smaller lawns. Blooms profusely from July until frost, in immense white panicles, tinted with pink and then with brown in the fully matured flower. The plant should be cut back each spring fully one-half of the past season's growth, as the flowers are much finer if the plant is treated in this manner. 28c each 3 for 68c Larger size 28c each 3 for 68c Larger siz each; 3 for 68c. Larger size, 38c each; 3 for 98c.

Tamarix Africana

Beautiful all the year round. In winter for the coloring of the bark and in summer for the light feathery foliage and large, loose panicles of lavender-pink or light purple flowers. 33c each; 3 for 89c.

Spirea

(Bridal Wreath)

BILLIARDI. A beautiful shrub which grows to a height of 6 feet, producing an abundance of rose-colored flowers. Should be planted with Thunbergi. 25c each; 3 for 65c.

THUNBERGI (Baby's Breath Bridal Wreath). Very small, narrow, light green foliage, making a soft, graceful shrub four to six feet. Tiny star-shaped flowers, singly or in clusters, early in spring. Should be much more used. 24c each; 3 for 60c.

VAN HOUTTEI (Bridal Wreath). With us in May and early in June the plant is completely covered with a mass of large white flowers. Named the "Bridal Wreath" on account of its long, graceful sprays of pure white. 22c each; 3 for 57c; 12 for \$1.98. Larger plants, 39c each; 3 for 98c.

ANTHONY WATERER. A low, compact bush covered nearly the whole growing season with large umbels of deep rosy red flowers which measure six inches across, and is seldom out of flower. 24c each; 3 for 60c. Larger size, 39c each; 3 for 98c.

The Smoke Tree

(Rhus Cotinus)

12 feet. One of the most picturesque and unusual of small hardy trees. Its beautiful summer dress of dense green foliage is surmounted in the autumn with many loose feathery panicles of minute flowers which give the effect of a dense cloud of smoke. The Smoke Tree thrives anywhere but it prefers a dry sunny location. In colder sections the foliage turns a brilliant color in autumn. 52c each; 3 for \$1.42.

Price of above two Dogwoods: 32c each;

New Blue Spirea

(Caryopteris)
This handsome free flowering, woody plant grows 2 to 3 feet in height. Freely branching near the ground, it makes a well-rounded plant composed of elegant long branches covered with whorls of attractive clear blue-colored flowers in tiers. Valuable for the border and for cutting, and blooming late it is particularly welcome. 32c each; 3 for 87c.

Crepe Myrtle

A real southern plant, not hardy north of Baltimore but should be in every yard in the South. Our friends go wild over this magnificent plant with its profusion of bloom and lustrous green foliage. It will attract attention in any landscape. It also makes a fine tub plant in the north for the lawn. Can be wintered in light cellars. We have 3 colors. Pink, Red and Purple. 35c each; 3 for 95c; 5 for \$1.75.

Oak-Leaved Hydrangea

Blood-Leaf Maple

Rounded dwarf trees seldom maturing to over 10 feet in height. Densely furnished to the ground with indented leaves of unrivaled brilliancy and charm. Their early spring and midsummer color is a vivid blood-red, which dulls to a bronzy purple-red towards fall. They make splendid foreground subjects in mixed groups or are unexcelled for a bright spot of color on the open lawn. \$1.00 each; = for \$1.75.

Flame Azalea

Azalea, "Flame" The Hardy Azalea

Truly one of the aristocrats of the flower family, absolutely hardy, growing to a height of 24 inches and covered with an extravagant mass of red, orange and yellow colored blossoms in May and early June before the leaves appear. Azalea is a most strikingly beautiful shrub here on our grounds and attracts more attention through the month of May than anything else in our gardens. We have a large stock of this variety and have cut the price to put them within the reach of all. \$1.00 each; 2 for \$1.75.

Hardy Daphne (Garland Flower)

Daphne Cneorum

The most fragrant of all shrubs-and decidedly one of the most beautiful.

There are very few flowers to delight you as Hardy Daphne Cneorum will do. Not only for its beauty, but also for the amazingly delightful color. And remember that it has beautiful foliage that is evergreen all winter. Blooms during April and May when it is just one big, gorgeous mass of pink delight, and at intervals throughout the summer. Low growing, 15 in. high. Hardy. Likes sun. We furnish balled and burlapped plants. (By express, collect.) 95c each...
